

Continuous Improvement with Lean

Companies everywhere, no matter what their industry, can benefit from the principles of continuous improvement with Lean. Whether they adopt a very formal process or commit to something less structured, they can follow its principles and improve their bottom line by reducing wasted time and resources.

This course is designed for learners who have completed the pre-requisite Lean Process Improvement course, and perhaps have been involved in implementation of its principles in their workplace. It is the ideal next step along the path of learning and creating a workplace culture committed to continuous improvement.
