

Marketing and Sales

Marketing is about getting your business known and building your position within the marketplace. Small businesses don't always have a big budget for marketing, so they have to do things a little differently than big business in order to grow their presence, increase results, and meet business goals. A small marketing budget doesn't mean you can't meet your goals and business objectives. You just have to be more creative in your marketing tactics. This training will help business owners and managers develop their marketing message, create a marketing plan, and apply the right strategies to get maximum exposure at minimum cost. You will learn effective, low-cost, and non-cost strategies to improve sales, develop your company's image, and build your bottom line.
