

Project Planning All You Need to Know

Project management is no longer only for mega projects worth hundreds of thousands of dollars. Small projects can benefit from project management tools. Statements of Work, Work and Resource Breakdown Structures and Project Planning documents can help you to get that small project done well, under budget, and on time. This course is not intended for those looking to be certified as project managers but rather for those who complete projects at work from time to time.

In this course, we will gain experience using the most common project management planning tools and will completely plan a case study project from Statement of Work through Work and Resource Breakdown, Scheduling and end up with a completed Project Planning Worksheet. Your small projects will be more successful than ever!
